

Butler Multi

High Performance Hot Water Heater

Enjoy great Power Savings
plus the added bonus of Room Heating and a Cooking Surface

www.wagenerstoves.co.nz

Butler Multi

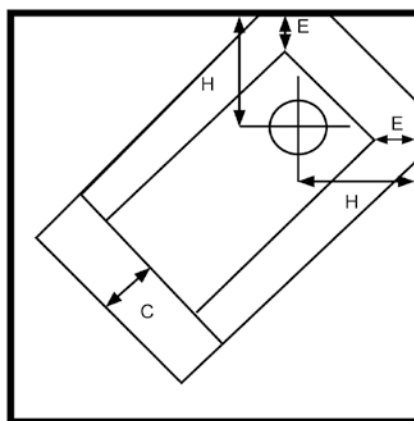

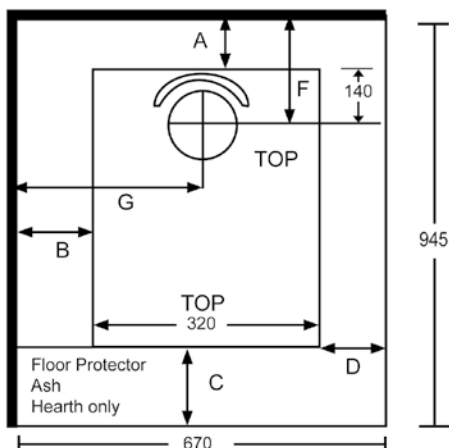

The **Butler Multi** with its patented "Lion" Wetback system is a very efficient Hot Water Heater that will supply the average household with all its hot water requirements, along with room heating. In addition, the cooking surface situated beneath the removable grill is perfect for winter soups and stews or just to keep the kettle boiling. **The Butler Multi** has an estimated 6kw Hot Water Output & 8kw Heat Output (depending on fuel type used).

Features include:

- Modern clean burning technology
- Compact, space saving design
- Very efficient hot water heating
- Cooking surface beneath a removable grill
- Solid steel construction
- Multi Fuel (wood & coal)
- Efficient long burn
- 380mm Deep brick lined firebox
- Ash Pan & Grate
- Removable baffle for easy cleaning
- Simple finger tip controls
- Removable "Lion" Wetback
- Hi Temp Paint Finish in Black
- 2 Base heights (770 or 910mm)

Installation Clearances

AS/NZ Standard 2918:2001

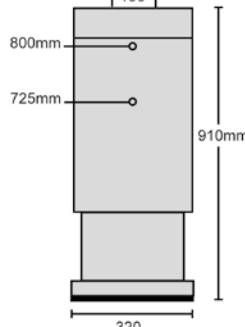

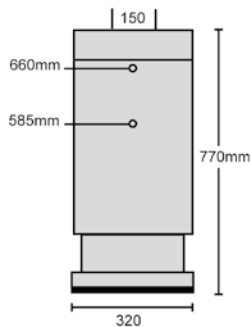

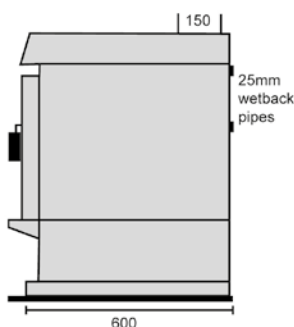

Estimated Heat Output 8kw (depending on fuel used)

Estimated Hot Water Output 6kw

Minimum clearance to Combustible Surfaces	A	B	C	D	E	F	G	H
With double stainless steel Flue shield to unprotected wall	50mm	50mm *(25mm)	300mm	175mm	25mm	190mm	210mm *(185mm)	240mm
As above 12mm Eterpan LD Board spaced 25mm of wall	37mm	37mm	Ash Hearth Floor Protection must extend under the stove and forward 300mm extending 200mm either side of the door opening		*	1. One side wall clearance can be reduced to 25mm by rotating the flue shield 45 deg	2. Bench height side wall only (not above top of heater) clearance 25mm.	
As above with sheet metal any type 0.5mm or thicker spaced 25mm off the wall.	25mm	25mm						

Other screening materials are available and clearance factors can be calculated to the AS/NZS 2918:2001. Please ask your retailer or contact Wagener Stoves if you need further advice.

Power Saving & Self Sufficiency

The **Butler Multi** is a great everyday power saver and when power cuts or shortages occur you have the security of knowing that you can have a continuous supply of hot water as well as room heating, and a cooking surface.

Dry Model

The **Butler Multi** is available without a wetback as a 14kw Dry Model. It is particularly suited to those with a small home or granny flat who enjoy the modern compact design of the **Butler Multi**. *Note: Clearance requirements are different from the Wetback model.* Please contact your local Dealer or Wagener Stoves for details.

Special 2kw Wet Model

This option gives an estimated 12kw heat and 2kw hot water and is for those requiring more room heating and less hot water. *Note: Must be fitted to Dry Model specifications.*

Enduring Quality & Design

The **Butler Multi** is New Zealand designed and handcrafted using only the best quality materials with a special Hi Temperature paint finish.

Warranty

The **Butler Multi** firebox is covered by a 5 year warranty (Please refer to Installation & Operating Instructions for full details).
